YO TOURS · AUDIO GUIDE

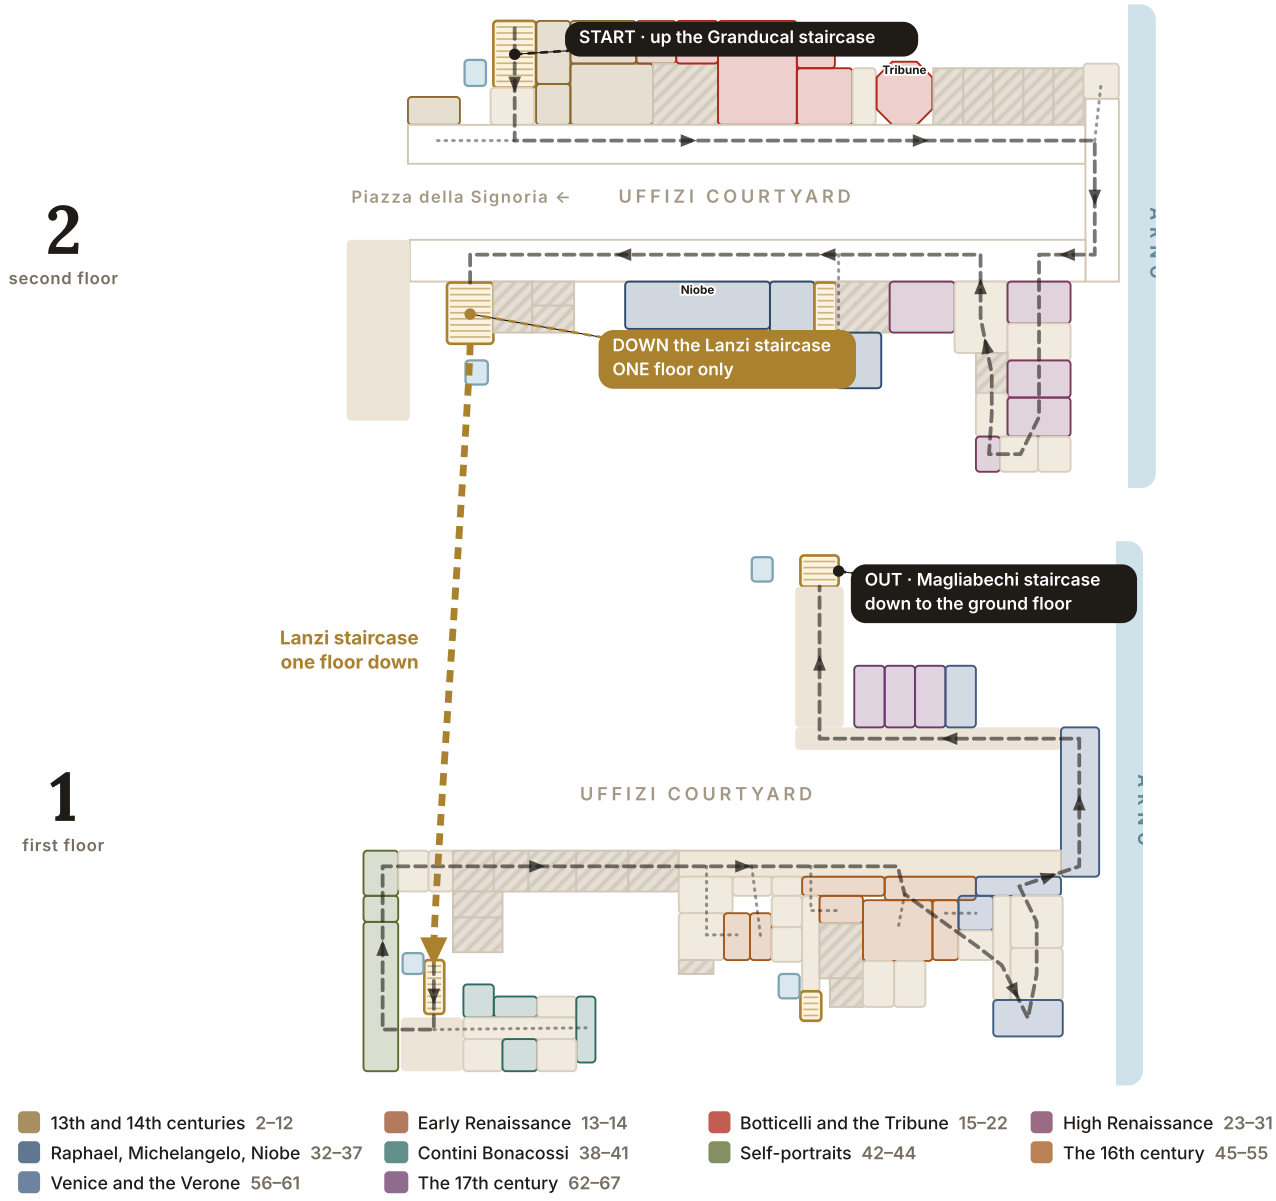

Uffizi Gallery

From gold-ground Madonnas to Caravaggio, on two floors: 54 main stops plus 14 short Extras, in one walking order. The guide comes in three lengths.

1. Rooms carry the museum's codes: A on the second floor, B to E on the first. Every stop on these plans sits in its room.

2. Play the stops in number order. Hollow circles are short, optional Extras. Hatched rooms are closed or work in progress.

3. Each stop ends by naming the next room. In Essential and Highlights a short line tells you the next stop.

At the Lanzi staircase go down one floor only. The stairs go on to the street, and once you are out you cannot come back in to the cloakroom or the audioguide desk. The way out is at the end, by the Magliabechi staircase.
